DCA

(TVET) DIPLOMA IN CULINARY ARTS

(N/1013/4/0002(05/27)(TVET/QF14622)

The **TVET DIPLOMA IN CULINARY ARTS** (TVET DCA) programme is open to all individuals with a passion for developing their culinary skills.

While undergoing this programme, students will have the opportunity to learn about food preparation from acquiring the basic culinary skills to brushing up their culinary skills across the preparation of various cuisines, from international cuisines to local cuisines as well as the finishing touch before serving and food plating.

The curriculum is designed using a work-based learning approach whereby we aim to enhance the student learning experience by expanding industry collaboration in the delivery of programmes. That means students not only learn from qualified lecturers but they also have the opportunity to learn from industrial chefs.
